

TrekBlazer T1

Aluminium Off-road Camper Trailer

*Adventure in Style,
Anywhere You Go*

Full Cooking Facilities at side

Double Shockers Independent Suspension

16" Alloy Wheels with 265/75 R16 AT Tyres & Electric Brakes

Power System Ready with 2000W Inverter

Set forth on your next adventure with the **TrekBlazer T1** – your quintessential companion for untrodden trails.

Precision-engineered with a **full aluminium body** for unparalleled durability and an impressively **light tare mass of just 870kg**.

Traverse challenging terrains with ease, thanks to the **dual shockers independent suspension**, ensuring a smooth and steadfast voyage.

The **TrekBlazer T1** comes outfitted with a capacious **100L water tank** and a potent **2000W inverter**, ready to power your wild escapades.

Furthermore, with **customisation options** available, including a rooftop tent and awning, this trailblazer is your passport to exploring the great outdoors in comfort and elegance.
